How to make sense of PoA!!

◆ Evolving in "under represented countries"
  ⇒ E.g. 24% in Africa (PoA), 4% in Africa (Normal)

◆ Energy efficiency as popular project type
  ⇒ E.g. CFL, Solar LED Lamp, Cookstove, etc

◆ “Users” as the main player of PoAs
  ⇒ E.g. 26,979 stove users in Tongo, 351,000 units in Tanzania

◆ Importance of “users’ point of view”
  ⇒ Need to increase understanding on what it is.
  ⇒ Need clear guidance what to be done.

What can we do for PoA?

◆ Methodology needs to be formatted, formatted, formatted
  ⇒ PoA specific methodology (Standardized BL)
  ⇒ Sampling format for different project types
  ⇒ Tool for identification of PoA Additionality

◆ Allow more flexibility in process
  ⇒ Starting date of CPA
  ⇒ LoA

◆ Public campaign and information dissemination with host country government (DNA)
